## Education

**Indian Institute of Information Technology and Management, Gwalior**

*Integrated Post Graduate in Masters of Business Administration*

**2022 - 2027**

**7.97/10 CGPA**

## Work Experience

**Student Gyan Movement**

**Jan 2023 – Current**

*Executive Member*

*Remote*

- The Student Gyan Movement (SGM) is a club at ABV-IIITM. It serves as a platform where students can contribute their experiences and knowledge to those in need. Currently, I am a part of the mail department of SGM.
- I coordinated a thriving 'Science Fair Exhibition,' providing a platform for innovative minds to display their talents and ideas, fostering curiosity and creativity.

## Projects

**Airline Management System: A project built using MERN Stack**

[Source Code](#)

- A website for booking airline tickets.
- Admins can modify flight details such as data, prices, departure and arrival times, and more.
- This web platform integrates features for booking, reservation management, flight scheduling, passenger services, and administrative tasks.

**Demo Video**

[Demo Video](#)

- Include a link to the demo video of Airline Management System project here.

**Youtube Layer: A project built using MERN Stack**

[Source Code](#)

- It's a project that connects YouTubers with editors.
- YouTubers can easily submit their raw, unedited videos to our platform.
- The final video will directly be uploaded to the YouTube channel.

**Demo Video**

[Demo Video](#)

- Include a link to the demo video of your YouTube Layer project here.

**Study Notion: A platform is built using the MERN stack**

[Source Code](#)

- It's a website where users can purchase courses.
- The platform enables instructors to showcase their expertise and engage with learners worldwide.
- The StudyNotion EdTech platform comprises three key components: the front-end, back-end, and database.
